Rich Waalkes

Rich Waalkes has a BA from the University of Maryland, College Park, MD and a MS, Instructional Technology, Towson State University, MD. He is a Field Instructor for H2O Partners, Inc., located in Waynesboro, VA, where he conducts classroom and online training classes. He is instrumental in the development of instructional media for classroom and web-based training, podcasts and the review of current curriculum standards. Rich spent two years as a FEMA Disaster Assistance Employee where he was deployed in six different states and participated in outreach post flood programs as well as managing and resolving flood insurance issued from the public, public officials, insurance adjusters, agents, and FEMA mitigation employees.

Rich is an accomplished instructional designer and producer with more than 25 years of experience in producing award winning and valid instructional media. He has 12 years experience with the National Flood Insurance Program (NFIP) and four years experience as a FEMA Disaster Assistance Employee as an Insurance Specialist.
