PUBLIC PARTICIPATION SURVEY
FOR HAZARD MITIGATION PLANNING

We need your help!

The Texas Colorado River Floodplain Coalition (Coalition) is currently engaged in a planning update process to become less vulnerable to natural disasters, and your participation is important to us!

The Coalition and other participating jurisdictions are now working to prepare a multi-jurisdictional Hazard Mitigation Plan. The purpose of this Plan is to identify and assess our community’s natural hazard risks and determine how to best minimize or manage those risks. Upon completion, the Plan will represent a comprehensive update to the 2004 Hazard Mitigation Plan, “Creating a Disaster Resistant Lower Colorado River Basin.”

This survey questionnaire provides an opportunity for you to share your opinions and participate in the mitigation planning process. The information you provide will help us better understand your hazard concerns and can lead to mitigation activities that should help lessen the impact of future hazard events.

Please help us by completing this survey and returning it to:

Surveys can also be faxed to: (512) 329-6612

If you have any questions regarding this survey or would like to learn about more ways you can participate in the development of Texas Colorado River Floodplain Coalition Hazard Mitigation Plan Update, please contact Pam Hawkins, H2O Partners, (512) 750-6014, pam@h2opartnersusa.com or Erin Capps, H2O Partners, (512) 844-3275, ecapps@h2opartnersusa.com.
1. Please state the jurisdiction (city and county) where you reside.

_______________________________________

2. Have you ever experienced or been impacted by a disaster?
   
   ☐ Yes
   ☐ No

   a. If “Yes”, please explain:

   _______________________________________

3. How concerned are you about the possibility of our community being impacted by a disaster?
   
   ☐ Extremely concerned
   ☐ Somewhat concerned
   ☐ Not concerned

4. Please select the one hazard you think is the highest threat to your neighborhood:
   
   ☐ Coastal Erosion
   ☐ Dam / Levee Failure
   ☐ Drought
   ☐ Earthquake
   ☐ Expansive Soils
   ☐ Extreme Heat
   ☐ Flood
   ☐ Hailstorm
   ☐ Hurricane / Tropical Storm
   ☐ Land Subsidence
   ☐ Landslide
   ☐ Lightning
   ☐ Severe Winter/Ice Storm
   ☐ Severe Thunderstorm / High Wind
   ☐ Tornado
   ☐ Wildland Fire

5. Please select the one hazard you think is the second highest threat to your neighborhood:
   
   ☐ Coastal Erosion
   ☐ Dam / Levee Failure
   ☐ Drought
   ☐ Earthquake
   ☐ Expansive Soils
   ☐ Extreme Heat
   ☐ Flood
   ☐ Hailstorm
   ☐ Hurricane / Tropical Storm
   ☐ Land Subsidence
   ☐ Landslide
   ☐ Lightning
   ☐ Severe Winter/Ice Storm
   ☐ Severe Thunderstorm / High Wind
   ☐ Tornado
   ☐ Wildland Fire
6. Is there another hazard not listed above that you think is a wide-scale threat to your neighborhood?
   □ Yes (please explain): ______________________________________________________
   □ No

7. Is your home located in a floodplain?
   □ Yes
   □ No
   □ I don’t know

8. Do you have flood insurance?
   □ Yes
   □ No
   □ I don’t know
   a. If “No”, why not?
      □ Not located in floodplain
      □ Too expensive
      □ Not necessary because it never floods
      □ Not necessary because I’m elevated or otherwise protected
      □ Never really considered it
      □ Other (please explain): ____________________________________________________

9. Have you taken any actions to make your home or neighborhood more resistant to hazards?
   □ Yes
   □ No
   b. If “Yes”, please explain:

10. Are you interested in making your home or neighborhood more resistant to hazards?
    □ Yes
    □ No
11. What is the most effective way for you to receive information about how to make your home and neighborhood more resistant to hazards?

- Newspaper
- Television
- Radio
- Internet
- Mail
- Public workshops/meetings
- School meetings
- Other (please explain): ________________________________

12. In your opinion, what are some steps your local government could take to reduce or eliminate the risk of future hazard damages in your neighborhood?

13. Are there any other issues regarding the reduction of risk and loss associated with hazards or disasters in the community that you think are important?
14. A number of community-wide activities can reduce our risk from hazards. In general, these activities fall into one of the following six broad categories. Please tell us how important you think each one is for your community to consider pursuing.

<table>
<thead>
<tr>
<th>Category</th>
<th>Very Important</th>
<th>Somewhat Important</th>
<th>Not Important</th>
</tr>
